For full details of the features and risks please refer to your KFI or Offer document

## How does it work?

A lifetime mortgage is a loan secured against your home. Equity release will reduce the value of your estate and may affect your entitlement to means-tested benefits.

## Cash facility

When you take your loan, you have the option of either taking a one-off lump sum (lump sum plan), or a smaller initial lump sum with the option to draw down cash in the future, as and when needed (drawdown plan).

If you choose to have a cash facility, any amount can be selected to meet your borrowing needs, provided that the loan to value does not exceed the maximum lending allowed on the specific plan. Any cash draw down is subject to a minimum withdrawal of £500 or the full remaining facility has to be taken in a single draw if less than £500.

*Please note that your cash facility is not guaranteed and drawdowns are subject to the prevailing, fixed interest rate at the time, which may be higher than the original interest rate.*

## Cashback

You can get an extra 1%, 2%, 3%, 4% or 5% of the initial loan amount released if you choose a plan with cashback – see table for details – minimum loan amounts apply.

This is not added to the loan, so no interest is paid on the cashback amount, but it's important to note that the interest rate applied to our plans with cashback will be slightly higher than our plans with no cashback option.

## Fixed early repayment charges

If any early repayment charges are applicable, they will always be at a known cost – see table for details. This could be if the loan is repaid in full within the first 15 years of the loan completing, or if partial repayments greater than 10% of the initial loan amount are made in each 12 month period.

Should you proceed with more2life, any charges which may be applicable, will be outlined in your Key Facts Illustration and Offer documentation.

## Partial Repayments

You can choose to make repayments of up to 10% of the initial loan amount each year, starting from the day the loan completes, without incurring any early repayment charges.

A maximum of 12 payments can be made per year and each payment must be a minimum of £50.

Repayments made outside of these conditions may incur early repayment charges.

## Exemption from early repayment charges on death/admission into long-term care of a partner

In joint cases, the remaining borrower can repay the loan in full without incurring any early repayment charges within a period of 3 years of the death or admission into long-term care of the first borrower.
