Standard Life Home Finance is a lender you can trust to put you and your clients first. We take pride in being:

Capable

Our later life lending capabilities can be trusted to give advisers peace of mind and a competitive edge

Transformative

Our lending product solutions are designed to transform retirement outcomes for your clients

Supportive

We are fully focused on supporting later life advisers and helping build a more successful market

Standard Life Home Finance

Why Standard Life Home Finance?

At Standard Life Home Finance, our purpose is to put you and your clients in control of a brighter financial future through a range of high-quality lifetime mortgages.

We know that service and product flexibility are at the heart of your decision-making when recommending a solution to your clients. You need a plan that meets their needs, a process you can trust, and a lender that understands what's required for your business to flourish.

That's why we focus on these areas to ensure you can spend more time doing what you do best – helping clients achieve a better outcome in retirement.

Horizon, our lifetime mortgages, provide one of the highest quality offerings on the market and have received a 5 Star Rating by Defaqto, a leading financial information, ratings and fintech business, helping consumers, financial institutions and financial advisers make better informed decisions.

With competitive rates, a wide range of lending criteria and a powerful brand name, our lending proposition is designed to be the new bright light in the later life lending market.

We recognise that nothing is more important than making sure your needs are met and exceeded. We never forget that advisers are critical to the future success of our market, and that you need a lending partner you can count on to support you. That's why from application to completion and beyond, we'll be with you every step of the way.

And to help you understand how we can assist you and your clients, we've created this guide to give you more information about our Horizon plans, their market-leading features, along with our cutting-edge online tools; all enabling you to build and grow your later life lending business.

Introducing our Horizon plans

At Standard Life Home Finance, we've created a range of flexible lifetime mortgages to help tackle the ever-growing demands of later life.

Our Horizon plans boast competitive rates, market-leading features and a wide range of loan to value options. With both lump sum and drawdown, as well as fee and fee-free options available, they are designed to put you and your clients in control of a brighter financial future.

Our plans are suitable for homeowners looking to borrow between £15,000 and £1.5 million, with the ability to make repayments straight away, giving your clients more freedom and flexibility.

Are your clients suitable for a Horizon lifetime mortgage?

Tens of thousands of people across the UK are already enjoying the benefits of unlocking some of the value tied up in their home through equity release.

Your clients may be eligible for a Horizon lifetime mortgage if:

- They're aged 55 to 84
- They're a homeowner with a property worth at least £99,000
- They're looking for a loan of up to £1.5m

Our Horizon lifetime mortgages at a glance

| | Fee-free plans | Fee-paid plans |
|--|----------------------|----------------|
| Loan | £15,000 – £1.5m | |
| Property valuation | £99,000 - £5,100,000 | |
| Age range | 55–84 & 364 Days | |
| LTV range | 2% – 52%* | |
| Valuation fee | £0 | £0 |
| Arrangement fee | £0 | £995 |
| Redemption and partial repayment fees | £0 | £0 |

Features of both plans:

- Fixed early repayment charges which expire after eight years
- Partial capital repayments of up to 10% each year from day one and a minimum of just £50 per payment
- Downsizing protection available immediately
- Permanent exemption from early repayment charges on death/admission into long-term care of the first borrower
- Cash facility offering a minimum draw of just £500, subject to a minimum cash facility of £500
- Interest Reward available on Horizon lump sum plans only. From Horizon 300 upwards.

*Depending on the plan option and age. Correct as of 12/11/2024

Horizon's market-leading features

Our Horizon lifetime mortgages are designed to transform your clients' retirement. They include a range of market-leading modern lending features as standard, all of which give you and your customers greater control over their later life finances and have helped secure a 5 Star Rating from Defaqto.

Defaqto is a leading financial information, ratings and fintech business, helping consumers, financial institutions and financial advisers make better informed decisions.

To help give you a better understanding of our plans' features and how they benefit your clients, the following pages list each feature, along with an explanation of how our Horizon product range is injecting innovation into the equity release market.

Fixed early repayment charges (ERCs)

Partial repayments

Downsizing protection

Exemption from ERC on death / admission into long term care of a partner

Cash facility

Interest Reward

Fixed early repayment charges (ERCs)

- ✔ **Feature**
Fixed ERCs typically work on a sliding scale of fixed percentages in the early years of a lifetime mortgage loan, eventually reducing to zero. They are now more common than gilt based or 'mark to market' charges.

The fixed ERCs on Horizon plans start at 8% in year one and reduce to zero after eight years.

- + **Advantage**
The main advantages of fixed ERCs is that they're much easier to explain to clients and also give them more certainty from outset compared to gilt-based ERCs, and although with gilt-based ERCs the amount could be £0 in certain circumstances, with fixed ERCs your clients know exactly how much they'll have to repay or not, at any given point in the future.

Standard Life Home Finance benefit

Typically across the lifetime mortgage market, fixed ERCs will apply for between 10 and 15 years. With a Horizon plan from Standard Life Home Finance, our ERCs reduce to zero after just eight years, giving our plans a competitive edge if a client is looking to repay as well as greater flexibility and peace of mind to your clients.

Partial repayments

✓ Feature
With partial repayments, your clients can make regular or one-off repayments on the loan capital without incurring any early repayment charges.

+ Advantage
By choosing to make partial repayments, your clients can reduce the amount owed at the end of their agreement, leaving more of their home's future value to be passed on as an inheritance.

Alternatively, by not making any repayments, they can enjoy their retirement to the fullest in the safe knowledge they'll never owe more than their property's worth thanks to the no negative equity guarantee installed in all our plans.

Standard Life Home Finance benefit

By giving your clients the choice to make partial repayments or not, it allows them to tailor their Standard Life Home Finance plan to their retirement circumstances and needs; providing more financial flexibility in later life.

Your client is able to make repayments equalling up to 10% of the initial loan amount every 12 months, from as little as just £50, without facing any early repayment charges.

Downsizing protection

✓ Feature
Downsizing protection allows your clients the flexibility to move home in future, even if the new property is outside of our lending criteria and it is not possible to port the loan.

+ Advantage
Many of your clients may be looking to downsize from a family home to a more manageable property in the future. With Horizon plans, they have this option, as their loan can be transferred to their new home (a process known as porting) providing it meets our lending criteria at the time. The downsizing protection feature allows your clients to move to their next home even if it doesn't meet our lending criteria by allowing them to repay their loan in full without early repayment charges.

Standard Life Home Finance benefit

Unlike other plans* where clients may have to wait up to five years, with a Horizon lifetime mortgage, downsizing protection is available to your clients from day one.

This means your client is always in control of their financial future; knowing they can take advantage of their property's value today and still downsize at any time without early repayment charges.

Exemption from ERC on death/admission into long term care of a partner

✓ Feature

Exemption from early repayment charges on death/admission into long term care of a partner means that if your client is taking out a lifetime mortgage with a spouse or partner and one party dies or is admitted into long-term care, the remaining borrower can repay the loan in full without incurring any early repayment charges.

+ Advantage

With this feature, your clients are able to take full advantage of their property's value today safe in the knowledge that if either of the above circumstances should occur, they're able to repay the entire loan in full without early repayment charges, if they wish.

Standard Life Home Finance benefit

Many lenders who also offer this feature only do so for up to three years after the event. However, with a Horizon plan, there's no time limit. It can be used at any point before the plan ends.

Cash facility

✓ Feature

A cash facility allows your clients to draw down further funds as and when they need them from their drawdown lifetime mortgage.

+ Advantage

By having the ability to request some of their tax-free cash when required, your clients are able to enjoy their later life in the knowledge that more funds may be available should they need or want to use them, subject to criteria.

This can also help them save on the total cost of borrowing of their equity release plan, with interest only applied to the funds released.

Standard Life Home Finance benefit

Unlike most other drawdown lifetime mortgages*, Horizon offers a minimum cash facility release of £500.

This gives your clients greater choice in how they access their drawdown facility, while saving them any unnecessary interest.

*Source: Based on market research – September 2023

Interest Reward

✓ Feature

Interest Reward offers a rate discount for clients who are willing and able to commit to making set monthly interest repayments for a specified term of their lifetime mortgage.

+ Advantage

By choosing the Interest Reward feature, your client is able to reduce their interest rate for the duration of their lifetime mortgage, providing they keep up with monthly interest payments for the time specified at outset (5, 10 or 15 year period). By servicing 25%, 50%, 75% or 100% of the interest over this set time period, your client is able to reduce their cost of borrowing.

Standard Life Home Finance benefit

This provides your clients with the flexibility to tailor a Horizon lifetime mortgage around their later life circumstances, reducing their overall cost of borrowing.

Online portal

The connect portal

We know how important service and speed of application is to you and your clients. That's why we've developed our connect online portal; capable of creating KFI's in seconds and delivering a paperless application process designed to get to an offer quickly and efficiently.

The screenshot displays the Standard Life Home Finance online portal interface. At the top, there's a navigation bar with the Standard Life Home Finance logo and a 'Contact us' button. Below the navigation bar, there are several menu items: Home, Illustration, DIP, Products & Literature, Application Search, User Profile, and Company Profile. The main content area shows the applicant's details: 'Applicant: Antigua Barbuda#01 | Case Reference: 8000866'. A sidebar on the left lists various sections: Loan Summary (selected), Prerequisite Questions, Submission Details, Applicant 1 Details, Property Details, Product Selection, Fees, DPA & Credit Search Permission, Decision Result, and Case Summary. The main content area displays the 'Loan Summary' for 'Horizon 300 Drawdown Fee Free 3.00%'. It shows the 'Initial Loan Required' as £40,000 and the 'LTV' as 8.8888%. Below this, it shows the 'Total Remaining Drawdown Facility' as £32,000. There are 'Cancel' and 'Next' buttons at the bottom of the form. The footer contains 'Terms & Conditions', 'Privacy & Cookies', and 'Copyright © 2021 Premium Bank. All rights reserved.'

Giving you a competitive edge

Our connect portal is built on an advanced, trusted technology platform with a proven track record in the mortgage industry, giving you peace of mind that your client's application will accelerate to offer and beyond without delay.

| | |
|--------------------------------|--|
| Efficiency | connect uses integrated, seamless technology built on a platform that already supports lending across the mortgage industry |
| Simplicity | It's easy to register, and the entire process – from KFI to application, valuation, offer and completion – is simplified and made more efficient, meaning you're spending less time keying information and chasing updates |
| Control | You can access and edit the portal from anywhere in the world at the click of a button |
| Real-time functionality | connect offers real-time functionality, so as soon as you click submit, instructions to solicitors, valuers and client ID checks are triggered automatically. You can also check the status of any application in real time, allowing you to monitor your client's application throughout the process |
| Faster completions | Thanks to connect's advanced platform and automation technology, the underwriting process can begin faster – ultimately leading you to quicker offers and completions |
| Support | Our adviser support team are on hand to help whenever you need us |

Online support

Support tools

Alongside our purpose-built online portal, we also provide you with support through innovative online tools to help put you and your clients in control of a brighter financial future.

These include loan-to-value, partial repayment and voluntary repayment calculators.

Our online tools have been created to help you and your clients find out how much cash they could release from their home, as well as the effect partial repayments can have over time.

All of these tools are designed to help save you time during your factfinding process, aid client conversations and fundamentally help you build and grow your later life lending business.

On top of that, we also provide marketing support to aid in your business development and adviser education programmes, which are available to those looking to enhance their understanding of both our Horizon product range and equity release.

Our online support tools:

- Loan-to-value calculator
- Partial repayment calculator
- Marketing support
- Adviser education programmes
